

INVITATION AND CALL FOR ABSTRACTS

Jointly presented by Virology Education
and Johns Hopkins University School of Medicine

2nd International Workshop on HIV & Aging Renaissance Baltimore Harborplace Hotel, Baltimore, MD, USA 27 – 28 October 2011

Organizing Committee:

Charles Boucher, MD, PhD
Erasmus University Rotterdam, the Netherlands
William Ershler, MD
IASIA, USA
Charles Flexner, MD
Johns Hopkins University School of Medicine, USA
Scott Letendre, MD
University of California, San Diego, USA
Jules Levin, MS
NATAP, USA
Jonathan Schapiro, MD
Sheba Medical Center, Israel
Russell Tracy, PhD
University of Vermont, USA

After the immensely successful first edition in October 2010, it is our great pleasure to announce the 2nd International Workshop on HIV & Aging, to be held at the Renaissance Baltimore Harbourplace Hotel, Baltimore, MD, USA, on 27-28 October 2011.

With an aging HIV-infected population - and suggestions that HIV itself may cause conditions normally associated with aging - there is a pressing need for more scientific dialog on this topic. This workshop presents a unique and most needed platform for international scientific exchange on the increasingly recognized problems of HIV and aging.

The workshop will gather a cross-disciplinary team of experts and trainees involved in HIV and aging research, in order to present and discuss the latest developments and strategies for the future, in an interactive and science - focused setting.

We invite you to attend the 2nd International Workshop on HIV & Aging and encourage you to submit abstracts on your research in this field.

We hope to see you in Baltimore for an extraordinary event!

On behalf of the Organizing Committee,

Charles Flexner MD
Johns Hopkins University
School of Medicine, USA

Scott Letendre MD
University of California, San Diego,
USA

Abstract submission:

We invite you to submit abstracts for a poster or oral presentation. Please visit the Virology Education website for abstract topics and instructions: www.virology-education.com. Accepted abstracts will be published in the journal *Reviews in Antiviral Therapy & Infectious Diseases*. We encourage you to submit your data on the following topics:

- Neurology
- Pharmacology
- Immunology
- Metabolic/ cardiovascular complications
- Effect of aging on organ systems (renal, musculoskeletal, hepatic and endocrine)
- Geriatrics and clinical care
- Malignancy

Topics and speakers

Genetic Progeria Syndrome

Francis Collins, MD, PhD, NIH, Bethesda, MD, USA
(tbc)

DNA damage & Aging

Jan Vijg, PhD, *Albert Einstein College of Medicine, New York, NY, USA*

Leukocyte Telomere Dynamics & Aging

Abraham Aviv, MD, *University of Medicine and Dentistry of New Jersey, Newark, NJ, USA*

Premature aging in Aborigenes

Tony Broe, AM, *University of New South Wales, Australia*

Effect of aging on cancer in HIV Disease

Ronald Mitsuyasu, MD, *University of California, Los Angeles, CA, USA*

Debate: *Con - standpoint*

Carl Grunfeld, MD, PhD, *University of California, San Francisco, CA, USA*

Debate: *Pro - standpoint*

Timothy Schacker, MD, *University of Minnesota, Minneapolis, MN, USA*

Normal versus accelerated cognitive decline with age

Susan Resnick, PhD, *National Institute of Aging, Baltimore, USA*

The role of premature aging in HIV positive patients on cognitive decline

Ned Sacktor, MD, *Johns Hopkins University School of Medicine, Baltimore, MD, USA*

Clinical case presentations:

Dilip Jeste, MD, *University of California, San Diego, CA, USA*

David Clifford, MD, *Washington University School of Medicine in St. Louis, WA, USA*

Bruce Brew, MBBS, MD, *University of New South Wales, Sydney, Australia*

Testosterone replacement

Shehzad Basaria, MD, *Boston Medical Centre, Boston, USA*

Clinical cases: Management of Cardiovascular Risks in HIV-infected patients

Steven Deeks, MD, *University of California, San Francisco, CA, USA*

Todd Brown, MD, *Johns Hopkins University School of Medicine, Baltimore, MD, USA*

The role of Sirtuins in premature aging

David Sinclair, PhD, *Harvard Medical School, Boston, MA, USA (TBC)*

Registration and abstract submission is now open

To register: www.virology-education.com

**Abstract submission deadline:
16 September 2011**
